

DECLARATION OF CONFIRMITY

Product name: Drip feeder with 18 mm cap black; Dropper with cap 18 mm black [2]

Index: KNP-9-18-07-1-3; KNP-10-18-10-2-3

As an importer/distributor operating within the EU, based on information and documentation received from the manufacturer/supplier, we declare that the aforementioned packaging meets the applicable requirements:

- Regulation (EU) 2025/40 of the European Parliament and of the Council on packaging and packaging waste (PPWR); in particular, the requirements set out in Chapter II of that Regulation,
- Regulation (EC) No 1907/2006 (REACH), in particular the applicable restrictions set out in Annex XVII and the obligations regarding SVHC substances – to the extent applicable to the packaging in question;

This declaration has been prepared based on the conformity documentation provided to Decant.pl by the manufacturer/supplier and remains valid provided there are no changes to materials, design, or processes that could affect the conformity of the packaging.

The packaging material specification is provided in the current technical drawing of the product associated with the specified index (SKU).

DECLARATION OF CONFIRMITY

Product name: Glass bottle 30 ml colourless [1]; Glass bottle 30 ml blue

Index: BSO-1-1-30; BSO-6-18-1-10-3; Glass bottle 30 ml colourless [1]

As an importer/distributor operating within the EU, based on information and documentation received from the manufacturer/supplier, we declare that the aforementioned packaging meets the applicable requirements:

- Regulation (EU) 2025/40 of the European Parliament and of the Council on packaging and packaging waste (PPWR); in particular, the requirements set out in Chapter II of that Regulation,
- Regulation (EC) No 1907/2006 (REACH), in particular the applicable restrictions set out in Annex XVII and the obligations regarding SVHC substances – to the extent applicable to the packaging in question;

This declaration has been prepared based on the conformity documentation provided to Decant.pl by the manufacturer/supplier and remains valid provided there are no changes to materials, design, or processes that could affect the conformity of the packaging.

The packaging is intended for use with cosmetic products. Assessing its compatibility with a specific cosmetic formulation - taking into account the product's composition as well as the intended storage duration and conditions - remains the responsibility of the manufacturer or the person responsible for the finished cosmetic product.

The packaging material specification is provided in the current technical drawing of the product associated with the specified index (SKU).
